

## Early Help for Children and Families

### Broadway First School

#### EARLY HELP OFFER

At Broadway First School we recognise the challenges that families face in bringing up children. There may be times when you need extra help and support. If this is the case please come and talk to us. We pride ourselves on being an open and inclusive school. There are many ways in which we can help as outlined in this offer of early help. We can also help to plan specific support for families in providing a listening ear and signposting where appropriate in a non-judgemental environment.

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual situations.

Providing early help to our pupils and families at Broadway First School means we are more effective in promoting support as soon as we can. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years upwards.

At Broadway First School we meet the needs of our children through a variety of ways:

- Attendance
- Safeguarding

- Behaviour
- Pastoral Support to include Pastoral Support Plans
- SENCO
- Designated Safeguarding Lead (DSL)
- Tailored Interventions

In **Keeping Children Safe in Education 2019** it makes it clear that ALL staff should be aware of their local early help process and understand their role in it. In addition, this statutory document makes it clear that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance present challenges for the child; such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Everyone needs help at some time in their lives and therefore an ethos of early help is important for any school or PRU.

The coordinated Broadway First School offer of Early Help is outlined in the table below. We believe that early interventions for children or families, in many cases, will prevent children from experiencing harm.

All Broadway First School staff must be aware of the school offer of early help. At all times, staff will consider if there is any offer of early help that we can make in order to help a child thrive.

We also liaise with other agencies and people within the local community. In the table below are some National organisations that can support children, young people and their families.

E-safety (Online Safety)	<p>Online Activity (phones, computers) can be a <b>serious risk</b> to children: The use of technology has become a significant component of many safeguarding issues. Bullying (including cyberbullying)/ Child death/suicide/prevention	<p><b>Cyberbullying</b> is using the internet, email, online games or any digital technology to threaten, tease, upset or humiliate someone else.</p> <p>If the police consider a message or post to be potentially criminal, they will take appropriate action. This could involve arresting the person responsible or interviewing them under caution. Cases involving sustained abuse or where someone's life is threatened will be treated seriously. The police will consider all of the circumstances when considering the best response to a report of cyber bullying. They will assess how vulnerable the victim is and what resources are required to trace the offender via social networking sites that often operate abroad and to different legislation. In certain cases it may be difficult to take action if the offender isn't in the UK. They will work with the victim to bring about the most suitable and proportionate conclusion, this will include alternative options that include the officer in the case using their discretion and working with the offender to record an apology to the victim.</p> <p><b>Useful links</b></p> <p><a href="#">Bullying UK</a></p> <p><a href="#">Childline</a></p> <p>KidScape: Our resources provide information on issues surrounding bullying, online and personal safety. Hate Crime	<p>A hate crime is a criminal offense whose motivation can be shown to be race, national origin, religion or sexual orientation. Faith abuse	<p>Faith and belief-based child abuse, including practices around 'spirit possession' and 'witchcraft', is a hidden crime, which makes it difficult to quantify in terms of magnitude. However, from our own experience and in consultation with communities, we know this kind of abuse is under-reported.</p> <p><a href="http://www.gov.uk/government/publications/national-action-plan-to-tackle-child-abuse-linked-to-faith-or-belief">www.gov.uk/government/publications/national-action-plan-to-tackle-child-abuse-linked-to-faith-or-belief</a></p> <p>Further contacts for advice can be found from the local representatives for some faiths.</p> <ul style="list-style-type: none"> <li>• An Exploration of Knowledge About Child Abuse Linked to Faith or Belief (2016)</li> <li>• National Action Plan to Tackle Child Abuse Linked to Faith or Belief (2012)</li> <li>• Safeguarding Children from Abuse Linked to a Belief in Spirit Possession (2007) this good practice guidance is archived but still available.</li> <li>• Eleanor Stobart report 2006: Child Abuse Linked To Accusations of Possession And Witchcraft (2006)</li> <li>• Unicef study report: Children Accused of Witchcraft</li> <li>• AFRUCA: Africans Unite Against Child Abuse</li> </ul>

Honour based violence (HBV)	<p>Honour' based violence (HBV) occurs when perpetrators believe a relative or other individual has shamed or damaged a family's or community's 'honour' or reputation (known in some communities as izzat), and that the only way to redeem the damaged 'honour' is to punish and/or kill the individual. 'Honour' based violence is a term that is widely used to describe this sort of abuse however it is often referred to as <b>so called 'honour' based violence</b> because the concept of 'honour' is used by perpetrators to make excuses for their abuse. There is a very strong link between 'honour' based violence, forced marriage and domestic abuse. The term 'Honour Based Violence' is the internationally recognised term describing cultural justifications for violence and abuse. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish, Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. The police have made it a high priority to help communities fight back to tackle both honour based violence and hate crime.</p> <p style="text-align: right;">The</p> <p>'Honour Network Help line': 0800 5 999 247</p>

As with other forms of criminality or risk of harm, early intervention is always preferable. Schools, working with other local partners, families and communities, can help support pupils who may be vulnerable as part of wider safeguarding responsibilities.</p>

Missing Children and Adults Strategy (vulnerable children and adults who go missing)	<p>Every year an estimated 200,000 people go missing in the UK. In some cases, missing adults may have made a choice to leave and 'start their lives over again', but the vast majority of missing people, children and adults, are vulnerable and need protection and support. The strategy has three key objectives which provide the right foundations for any effective local strategy to tackle this issue:</p> <p>Prevention - reducing the number of people who go missing, including through prevention strategies, education work and early intervention in cases where children and adults repeatedly go missing</p> <p>Protection - reducing the harm to those who go missing, including through a tailored, risk-based response and ensuring agencies work together to find and close cases as quickly as possible at a local and national level</p> <p>Provision - providing support and advice to missing persons and families by referring them to agencies</p>

	<p>promptly and ensuring they understand how and where to access help. The police should be informed if any child or adult goes missing. The Missing Children and Adults strategy can then be referred to for further information and help. It is a home office publication (2011).</p> <p><a href="https://www.gov.uk/government/publications/missing-children-and-adults-strategy">https://www.gov.uk/government/publications/missing-children-and-adults-strategy</a></p> <p><a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/117793/missing-persons-strategy.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/117793/missing-persons-strategy.pdf</a></p>
Children with family members in prison	<p>Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO (<a href="http://www.nicco.org.uk">www.nicco.org.uk</a>) provides information to support professionals working with offenders and their children to help mitigate the negative consequences for these children.</p> <p><a href="https://www.solgrid.org.uk/education/safeguarding/child-protection/issues/children-family-prison/">https://www.solgrid.org.uk/education/safeguarding/child-protection/issues/children-family-prison/</a></p>
Children and the court system	<p>Children are sometimes required to give evidence in courts, either for crimes committed against them or for crimes they have witnessed. There are two guides to support these children which can be found at <a href="http://www.gov.uk">www.gov.uk</a> (<b>young witness booklet for 5 to 11 year olds</b>) which is a pdf. There is also a document called “<b>going to court and being a witness age 12 to 17</b>” which is also found at <a href="http://www.gov.uk">www.gov.uk</a>. Making family arrangements via court can be stressful and entrench conflict in families. The ministry of Justice has just launched an online dispute resolution service. This can be useful to parents and carers. Got to <a href="http://www.gov.uk">www.gov.uk</a> and search for “<b>get help with arrangements.</b>”</p>
